The Auburn University Student branch of the American Society of Agricultural and Biological Engineers (ASABE) will be conducting a lawnmower clinic on Saturday 1 March, 2008. The clinic will provide basic maintenance on your push mower, including:

- Oil change
- Sharpen blade
- Clean spark plug
- Washing

There is a $25 charge for the service. Pick-up and delivery can be arranged for an additional $10 (within Auburn city limits only), or you can drop off your mower at the Tom E Corley Building on Friday 29 February between 1:00 and 5:00 PM or between 6:00 AM and noon on Saturday. We require that the mower be started when dropped off, and it will be running at least as well when you get it back. If you have any questions or would like to arrange for pickup service, please contact us by phone (leave a message) at (334) 844-5161, or by email crockag@auburn.edu

Or you may fill out the form below and return it to:

ASABE Student Branch
Tom E Corley Building
Auburn University, AL 36849

**Sorry, but we are not equipped to service riding mowers. THANK YOU!**
