

# Paving the way . . . to the future

Any alum or friend of the Samuel Ginn College of Engineering can purchase a brick or paver – individuals or groups such as families, engineering classes, corporations or foundations. If you purchase the brick or paver in honor or in memory of an individual, we will send a letter making them aware of your thoughtfulness.

All inscriptions will be centered on the brick/paver in capital letters, except for names that include a small ‘c’ such as McCoy. The maximum number of characters per line varies with the size of the brick or paver. Spaces and punctuation count as separate characters. All symbols that appear on a standard keyboard may be used, as well as Greek letters.

Inscriptions may not include commercial messages, although company names may be used. Discriminatory or inappropriate messages that refer to an individual or group’s sex, race, color, religious creed, national origin, age or physical disability will not be accepted. The Auburn University Samuel Ginn College of Engineering Office of Development reserves the right to deny any brick/paver application that violates these standards.

Order your brick/paver today using our secure online form: [www.eng.auburn.edu/bricks](http://www.eng.auburn.edu/bricks) or use the attached form. Call the College of Engineering Office of Development for additional order forms, or visit the web site above and print out another form.

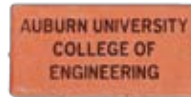

## Yes, I want to purchase a Paving the Way brick/paver (please complete both sides)
