

Class Challenge

GINN COLLEGE OF
ENGINEERING

Why give?

The Samuel Ginn College of Engineering challenges each member of the graduating classes of 2004 and 2005 to give to the Class Challenge program. Your gift will provide a legacy to future generations of engineers, providing them with the opportunity to build on your success.

How much do I give?

We encourage the members of the classes of 2004 and 2005 to give \$20.04 or \$20.05 respectively symbolizing their class year, with an option to make a three-year pledge with additions of \$50 a year for the next two years.

Our engineering alums feel strongly about the importance of this program. If class participation reaches 40 percent, they will match the senior class gift.

Other reasons to give:

- Help offset the low level of state funding and endowment.

Expenditure per student by source; Auburn vs. regional peer institutions

	Auburn University	Regional Peers	Rank
State Appropriations	\$5,562	\$7,260	16 of 24
Tuition	\$4,426	\$4,511	10 of 24
Endowment	\$11,137	\$22,931	14 of 17

- Increase the value of an Auburn degree by investing in the college's vision of becoming a top-tier institution
- Set a standard for future graduating classes, strengthening the college for years to come
- Show alumni how important it is to participate in supporting the college; if you can make a gift, so can they

How do I give?

- Use our on-line response form at www.develop.auburn.edu/dev_eng_form.cfm
- Use the attached form

How will my gift be recognized?

Each class that participates in this program will be recognized with a plaque indicating the year and amount raised. Members of the Engineering Class Challenge will also be recognized on the web and in our annual donor report.

Do other colleges have similar programs?

Yes, others include: Georgia Tech, Michigan, Michigan State, MIT, Virginia Tech, Virginia Commonwealth University, University of Southern California
