Best Microphone/Audio: Microphone (Realtek High Definition Audio)

Document Camera: Set Secondary Source to USB Capture HDMI, choose Doc Cam from the podium control panel

Laptop Capture: Set Secondary Source to USB Capture HDMI, choose Laptop from the podium control panel

A screenshot of the Panopto web interface. The top navigation bar includes "Create New Recording", "Manage Recordings", and "Settings". The "Settings" page is open, showing "Session Settings" for an "Offline Recording" on "Friday, August 7, 2020 at 4:31:09 PM". The "Primary Sources" section on the left shows a video source of "USB Capture HDMI" and an audio source of "Microphone (Realtek High Definition Audio)". The "Secondary Sources" section below it has checkboxes for "Capture PowerPoint", "Capture Main Screen", and "USB Capture HDMI", all of which are checked. A red arrow points from the text "Secondary Source" to the "USB Capture HDMI" checkbox. The main recording area shows a black screen with a red arrow pointing to a tab labeled "USB Capture HDMI" in the top navigation bar. At the bottom, the "Resolution" is set to "1920 x 1080" and the "fps" is set to "24".

Zoom Settings for Broun 238 Classroom
