NATIONAL RANKINGS
Public institutions¹
• 29th - Undergraduate Program
• 40th - Graduate Program
• 12th - Graduate Online Program
• Program ranked 23rd in enrollment²
• Program ranked 23rd in undergraduate degrees awarded to African-Americans²

ACADEMIC PROGRAMS
Bachelor’s, master’s and doctoral degrees offered in these disciplines
- Aerospace Engineering
- Biosystems Engineering
- Chemical Engineering
- Civil Engineering
- Computer Science and Software Engineering
- Electrical and Computer Engineering
- Industrial and Systems Engineering
- Materials Engineering
- Mechanical Engineering
- Polymer and Fiber Engineering (only M.S. and Ph.D.)
- Wireless Engineering (only bachelor’s)

We also offer:
- Master of Engineering
- Master of Engineering Management
- Master of Science in Cybersecurity Engineering
- Master of Science in Data Science and Engineering

In addition, the college offers other credentials, such as minors and certificates, in topics such as tribology and lubrication science, automotive engineering, nuclear power generation systems, occupational safety and ergonomics, pulp and paper technology, among others.

Visit eng.auburn.edu/programs for a complete list.

FACULTY 196 - tenure/tenure track faculty 62 - non-tenure track teaching/research faculty

FRESHMAN CLASS SNAPSHOT
Average ACT 29.5
Average High School GPA 3.99
Comprises 25 percent of Auburn’s freshman class

• Houses the Academic Excellence Program which emphasizes the recruitment and retention of underrepresented engineering students
• 20 percent of undergraduate enrollment is female, while 25 percent of graduate student enrollment is female

OUTSIDE THE CLASSROOM
- Co-ops prepare students for professional careers with alternating semesters of classroom instruction and full-time paid work assignments
- Study abroad programs and international internships offer fresh perspective in the global economy
- A variety of hands-on student projects, such as Formula SAE, AIChe Chemical Engineering Car Team and Aerospace Engineering Design/Build/Fly

1U.S. News & World Report 2American Society for Engineering Education (ASEE)
E-Day – open house introduces thousands of middle and high school students to Auburn Engineering.

Women in Engineering Camp – summer camp for rising 9th through 12th-graders focuses on issues important to women in engineering.

Junior Tigers Camp – camp for rising 10th through 11th-graders explores the different engineering majors while participating in hands-on activities.

Senior Tigers Camp – camp for rising 12th-graders explores the different engineering majors while participating in hands-on activities.

TEAMS – Tests of Engineering Aptitude, Mathematics and Science is an annual one-day competition for middle and high school students designed to help them discover their passion for engineering.

GRAND Engineering Showcase – invites K-6th-grade students to explore how we are solving the engineering grand challenges through hands-on demonstrations.

BEST – the nation’s third largest K-12 robotics program, serving 12,500 students from 850 schools in 15 states.

PEAK – Promoting Engineering at Auburn for Kids program is an after-school camp available to 3rd through 5th-graders that helps students see themselves as engineers through hands-on activities.

MADE at AU – Making A Difference in Engineering event is designed to expose female high school juniors and seniors to Auburn Engineering and offers them the opportunity to visit faculty and staff, take tours of facilities and meet successful women alumni.

Academic Excellence Program – The Academic Excellence Program supports engineering students from pre-college through graduation by focusing on expanding academic preparation, professional readiness and exploration of career paths. It achieves this through a wide range of programs, including learning communities, professional development workshops, peer learning sessions and similar programs.

100+ Women Strong – The force to recruit, retain and reward Auburn women in engineering, 100+ Women Strong offers comprehensive programming to encourage young women to pursue engineering and support them along the way. Successful alumni and friends of the college devote their time to counseling young women in engineering through individual mentoring, professional development presentations, networking events and similar programs.

Group Visits – K-12th grade group visits are available to schools or organizations interested in learning about engineering. Group visits give students an opportunity to go on an engineering tour, see an engineering demonstration and see what campus life is like.

If you are interested in scheduling a group visit, or want to view our calendar of outreach activities within the College of Engineering, please visit our website: eng.auburn.edu/outreach

RESEARCH

$64.3 million in research expenditures
47th in nation in research expenditures (Ranked in top 50 for more than 10 years)

FOCUS AREAS
- Advanced manufacturing and materials
- Cybersecurity and intelligent systems
- Energy and environment
- Infrastructure and transportation
- Biomedical and health systems engineering

AUBURN ENGINEERING ONLINE

GRADUATE ONLINE PROGRAM
Ranked 12th by U.S. News & World Report’s Best Online Engineering Graduate Programs
- 114 online courses offered
2019 registration: Spring 113
Summer 84
Fall 156

UNDERGRADUATE ONLINE DEGREES
Computer Science

GRADUATE ONLINE DEGREES
Aerospace Engineering
Chemical Engineering
Civil Engineering
Computer Science and Software Engineering
Cybersecurity Engineering
Electrical and Computer Engineering
Engineering Management

Industrial and Systems Engineering
Dual MBA/Industrial and Systems Engineering
Materials Engineering
Mechanical Engineering
Master of Engineering

CONTINUING EDUCATION PROGRAMS
- 127 live seminars and conferences serving nearly 4,400 clients
- 166 distance continuing education courses delivered by streaming video serving more than 500 students in 50 states and international locations
