Auburn University
Department of Computer Science and Software Engineering
Lecturer/Senior Lecturer Position

The Department of Computer Science and Software Engineering (CSSE) at Auburn University invites applications for a full-time non-tenure track faculty lecturer or senior lecturer position to begin in spring (preferred) or fall 2020. A successful candidate must possess a master's degree or higher in computer science, software engineering, or a closely related field from an ABET accredited institution prior to the date of appointment. Candidates with (or close to earning) a PhD and who have teaching and/or industrial experience will be preferred. Salary and level will be commensurate with the candidate's qualifications and experience. We encourage candidates from all areas of computer science and software engineering to apply. Excellent communication skills are required.

The typical teaching load will be three 3-credit-hour courses per semester (fall and spring). This is a 9-month appointment with the possibility to also teach during the summer term for additional compensation. Application link: http://aufacultypositions.peopleadmin.com/postings/3790

Applicants should submit a cover letter, curriculum vita, statement of teaching philosophy, unofficial transcripts and names (names only, letters not required at application time) of one to three references (teaching evaluations may also be submitted optionally) at the application link above. The review process will begin September 15 2019 and continue until the position is filled.

The department currently has 25 full-time tenure-track and six teaching-track faculty members, who support strong undergraduate and graduate programs (M.S. in CSSE, M.S. in Cybersecurity Engineering, M.S. in Data Science & Engineering, and Ph.D. in CSSE). Current student enrollment is over 1200 undergraduate and over 200 graduate students. More information about the department is available at http://eng.auburn.edu/csse/index.html.

Auburn University is one of the nation’s premier public land-grant institutions. It is ranked 52nd among public universities by U.S. News and World Report. Auburn maintains high levels of research activity and high standards for teaching excellence, offering Bachelor’s, Master’s, Educational Specialist, and Doctor’s degrees in agriculture and engineering, the professions, and the arts and sciences. The university is nationally recognized for its commitment to academic excellence, its positive work environment, its student engagement, and its beautiful campus.

Auburn residents enjoy a thriving community, recognized as one of the "best small towns in America," with moderate climate and easy access to major cities or to beach and mountain recreational facilities. Situated along the rapidly developing I-85 corridor between Atlanta, Georgia, and Montgomery, Alabama, the combined Auburn-Opelika-Columbus statistical area has a population of over 500,000, with excellent public school systems and regional medical centers.

Selected candidates must be able to meet eligibility requirements to work legally in the United States at the time of appointment for the proposed term of employment. Auburn University is an EEO/Vet/Disability Employer and committed to building an inclusive and diverse community. It is our policy to provide equal employment opportunities for all individuals without regard to race, sex, religion, color, national origin, age, disability, protected veteran status, genetic information, sexual orientation, gender identity, or any other classification protected by applicable law.
