

Auburn University  
Department of Polymer and Fiber Engineering

The Department of Polymer and Fiber Engineering at Auburn University is seeking a candidate for a tenure-track faculty position starting August 15<sup>th</sup>, 2012. Appointment will be at the assistant or associate professor level. Responsibilities include teaching undergraduate and graduate level classes and developing new classes in the Fiber engineering option, supervising M.S. and Ph.D. students and establishing and maintaining an externally funded research program. Candidates with a demonstrated excellence in research and interest in a fiber area such as multifunctional fibers, sensors, optics, electronics, biomedical uses, lasers, energy applications and interface science are encouraged to apply. An earned doctorate in Polymer and Fiber Engineering, Materials Engineering or a related discipline is required and a post-doctoral/industrial experience is preferred.

Interested candidates should submit a curriculum vitae, the names and contact information of three references, a statement of research interests and a statement of teaching interests electronically by email to Professor Yasser Gowayed, Search Committee Chair, [gowayed@auburn.edu](mailto:gowayed@auburn.edu). Responses received by January 15, 2012 will be given priority.

The candidate selected for this position must be able to meet eligibility requirements to work in the United States at the time appointment is scheduled to begin and continue working legally for the proposed term of employment; excellent communication skills required.

Auburn University is an Affirmative Action/Equal Opportunity employer and encourages minorities and women to apply for this position.
