- Auburn University will be on your RIGHT
- Cars turn onto RIGHT Samford Ave., buses turn RIGHT onto Thach Ave.

Parking

We have designated locations for automobile and bus parking. You do not have to get a parking pass to park in this location.

Automobiles: After turning on to Samford Avenue, continue past the Auburn Theater and Duncan Drive. Take a left on Donahue Drive. You will pass a red pavilion on your right. Cross Lem Morrison Drive and look for signs and a curb cut on your left leading into the gravel field. Tiger Transit will provide shuttle service to and from the Student Center at 15-minute intervals from 7:30 a.m. to 2:30 p.m.

Buses: After turning on Thatch Avenue, take your first left on Mell Street. Pull to the right-hand curb, just past the Tiger Transit stop. Before you drop your students off, please do a head count and provide the students with a time for pick up at the end of the day.

To park, continue down Mell Street and take a right on Samford Avenue. Continue past the Theater and Duncan Drive. Take a left on Donahue Drive. You will pass a red pavilion on your right. Cross Lem Morrison Drive. Look for signs and a curb cut on your left leading into the gravel field.

Tiger Transit will provide shuttle service to and from this parking area to the Student Center at 15-minute intervals from 7:30 a.m. to 2:30 p.m.

Spotlight on Industrial and Systems Engineering

engineer your world

Industrial and systems engineering is where technology, people, business and information intersect.

These engineers use the right combinations of human and natural resources, fabricated structures, information technologies and manufactured equipment to look at the big picture of what makes organizations work best. Areas of industrial and systems engineering

include: production and manufacturing; ergonomics and safety; engineering management; operations research, statistics and quality control; and information technologies. Employers include all business and industry sectors, government agencies, and all branches of the military.
