

ELECTRICAL AND COMPUTER ENGINEERING

The Department of Electrical and Computer Engineering offers a non-thesis Master of Science (M.S.) A candidate receives the M.S. by successfully completing a set of courses, online or on campus, approved by a major professor or the electrical and computer engineering Graduate Program Officer (GPO.) The applicant must hold a bachelor's degree or its equivalent from an institution of recognized standing. All applicants must submit GRE test scores for the general test, and TOEFL scores are required for international applicants.

Degree Requirements:

- A minimum of 33 semester hours of graduate 6000/7000/8000 level course work
 - » At least 21 of these hours must be in the student's major
 - » A minimum of 18 hours in electrical and computer engineering (6000 level) must be taken
 - » At least one course (3 hours) must be taken in three of the six main research areas:
 - ◇ Computer systems
 - ◇ Electromagnetics
 - ◇ Communications
 - ◇ Control Systems
 - ◇ Power Systems
 - ◇ Electronics
