

A Local Technical Assistance Program - LTAP

ALABAMA TECHNOLOGY TRANSFER CENTER

AT AUBURN UNIVERSITY

Presents a Seminar on

Asphalt Construction Inspection and Maintenance

**Mobile
June 26, 2018**

**Montgomery
June 27, 2018**

**Pelham
June 28, 2018**

**Huntsville
June 29, 2018**

Well-designed quality asphalt does not guarantee a smooth long-lasting pavement surface. Weak subgrades, segregation of materials, improper compaction, poor joints, insufficient tack coats, slope and thickness concerns all greatly reduce ride and durability of pavements. Those tasked with Quality Control and Quality Assurance need to understand what to look for and how to correct deficiencies as construction proceeds. The inspector needs to fully understand what to look for and be able to work with the contractor to provide a quality asphalt surface. The following course will sharpen skills for Asphalt Inspection.

This workshop should be of direct interest to those people in the civil engineering field, including county engineers, city engineers, public works officials, transportation engineers, DOT personnel, contractors, consultants, and all those with responsibilities for streets and highways.

Please complete and return the enclosed registration form. A fee of \$150.00 per person should be mailed with your registration. Payment may be made by phone or fax if paying with a credit card or government agency purchase order. Registrants are reminded that registration is not complete until payment is made. The registration fee includes handout materials, break refreshments, lunch and a certificate of participation. Thank you for your continued support of the Alabama Technology Transfer Center. Rod Turochy, Larry Sellers, Garry Havron, and Addie Balch look forward to your attendance at this seminar.

Seminar Topics

- Visual Pavement Evaluation (PASER)
- Effective Patching
- Weak Foundations, Shoulders, or Spots
- Thickness Design and Lifts
- Tack Coats
- Material Handling and Separation
- Slopes and Leveling
- Compaction, Density Testing and Rolling Patterns
- Center and Night Joints

Seminar Instructors

Steven V. Jenkins, PE

Mr. Jenkins has worked with local governments for 25 years to help them improve their roadway systems. Having worked for a State DOT, directed two LTAP centers for cities and counties and worked for a private consultant, he has a unique rapport with these groups. He has served as an expert witness on many court cases while successfully defending public agencies.

Seminar Schedule

8:00 a.m.	Registration & Check-In (Coffee)
8:30 a.m.	Call to Order, Welcome, Seminar Objectives
10:15 a.m.	BREAK
12:00 Noon	LUNCH
1:00 p.m.	Seminar Instruction Continues
2:15 p.m.	BREAK
4:00 p.m.	Seminar Evaluations, Certificates, Adjournment

Locations

Mobile, June 26, 2018

Pelham, June 28, 2018

Pelham Civic Center
500 Amphitheater Road
Birmingham, AL 35124
205-620-6488

Montgomery, June 27, 2018

Hilton Garden Inn Montgomery - East Chase
7665 East Chase Parkway
Montgomery, AL 36117
334-244-0101

Huntsville, June 29, 2018

Holiday Inn - Research Park
5903 University Drive
Huntsville, AL 35816
800-845-7275

Continuing Education Units

Participants completing this seminar will receive 0.60 Continuing Education Units (CEUs). The CEU is a nationally accepted measure of continuing education credit and is awarded at the rate of one CEU for each ten contact hours of qualifying instruction. Auburn University makes every effort to ensure that the CEU granting programs conform to the requirements of the State of Alabama Board of Licensure for Professional Engineers and Land Surveyors for the award of Professional Development Hours to support the annual renewal of professional licensure.

Sponsorship

This seminar is one of the series of conferences and workshops being conducted as part of the Alabama Technology Transfer Center at Auburn University. This program is a part of the Local Technical Assistance Program (LTAP) supported by the Federal Highway Administration, the Alabama Department of Transportation, and Auburn University.

This seminar is the 358th offered, with more than 45,000 attendees, since the program's inception in 1983. The Alabama Technology Transfer Center is administered at Auburn University through the Engineering Continuing Education office and the Department of Civil Engineering. For further information and suggestions for future programs, contact Rod Turochy, Department of Civil Engineering, at 334-844-6271 or rodturochy@auburn.edu.

Accommodation of Participants with Disabilities

It is the policy of Auburn University to provide accessibility to its programs and reasonable accommodation for persons defined as having disabilities under the Americans with Disabilities Act of 1990. Please contact us at least two weeks prior to the event so that proper consideration can be given to any special needs.

Cancellation Policy

We understand that circumstances may arise that could require you to cancel your registration, and we make every effort to accommodate your needs. Due to commitments to our instructors and facilities, the registration fee is not refundable if a registrant withdraws less than five working days before the seminar. You may substitute registrants; please notify us in advance if possible. Non-paid, no show registrants will be invoiced for the full cost of the seminar. Engineering Continuing Education reserves the right to cancel or modify any program offering, but will provide registrants the option of a full refund. Auburn University will not be responsible for expenses incurred by a registrant as the result of a cancelled or rescheduled program.

Registration

Your pre-paid registration guarantees you a seat in the seminar as well as information on any changes to the seminar. Registration on the day of the seminar will be accepted on a space available basis, but enrollment will close when the capacity of the seminar is reached. **Participants are reminded that registration is not complete until payment is received.**
