RADON MEASUREMENT OPERATORS TRAINING PROGRAM

and the
Radon Measurement Proficiency Exam

Supported by the
Tennessee Department of Environment and Conservation
Tennessee Radon Program

And offered in conjunction with the
University of Tennessee-Family & Consumer Sciences
Southern Regional Radon Training Center

January 10-12, 2005
Franklin, Tennessee

The Radon Measurement Operators Training (RMO) meets the required training before taking the radon measurement exam. Instructors Jack Hughes and Robby Cardwell will provide classroom lectures with slide presentations on all aspects of radon measurements, along with measurement device demonstrations. The RMO training will be held January 10-12, 2005 and the Measurement Exam will be held January 12, 2004 in Franklin, Tennessee.

RMO CLASSROOM TOPICS

- Radon occurrence and health effects
- Radon measurements
- Radon entry and behavior
- Radon and RDP measurement device protocols
- Standard radon mitigation strategies
- Radon resistant new construction techniques

SUGGESTED TRAINING AUDIENCE

Typically participants are: State and local health officials, home inspectors, pest control specialists, environmental and consulting engineers, real estate professionals, appraisers and others interested in becoming certified.

RADON MEASUREMENT PROFICIENCY EXAM

The two-hour radon measurement proficiency exam registration will begin at 1:00 p.m. on January 12, 2005. The exam fee is $150 for all participants and must be paid before taking the exam. Exam participants must have taken the measurement training before taking the exam. After taking and passing the exam, each person is responsible for applying to the radon certification programs to become a certified radon measurement specialist.

NATIONAL RADON PROFICIENCY PROGRAMS

The National Environmental Health Association (NEHA) National Radon Proficiency Program (NRPP) is a national radon proficiency program. Contact Angel Price (800) 269-4174 or check the website www.radongas.org for more information on NEHA/NRPP.

The National Radon Safety Board (NRSB) is an independent organization, governed by a certification panel for radon certifications. Contact NRSB at (866) 329-3474 or check the website www.nrsb.org for more details.
CLASSROOM MEETING SPACE
The training and exam will be held in Franklin, Tennessee. All registrants will receive a confirmation study package with a map, classroom logistics, hotel information and classroom and exam times.

TRAINING AND EXAM FEES
The measurement training will be subsidized by TDEC/Tennessee Radon Program, which allows a reduction in the registration fee for Tennessee residents. Tennessee residents registration fee is $100 and non-Tennessee residents fee is $200. The measurement exam fee is $150 for all participants. This registration fee typically covers the cost of mailing pre-training materials, classroom notebooks and handouts, refreshments, one noon-time meal and a certificate of participation. Registrations are based on allowing Tennessee residents first and then first-come basis for other registrants. Please fax registration to reserve a space for the training and exam. Contact Jan Carrington (800) 626-2703, by E-mail: janc@eng.auburn.edu or fax registration for the training or exam.

CANCELLATION POLICY
We understand that circumstances might arise that could require you to cancel your registration and we make every effort to accommodate. If you cancel your registration five days prior to training you may receive a refund for training and exam fees, minus a processing fee of $50. SRRTC reserves the right to cancel a class and will reimburse any fees paid for the training or exam if cancelled. We are not responsible for any travel costs incurred for this training.
