

Panopto Settings for BKENG Classroom

Best Camera: USB Capture HDMI

Best Microphone/Audio: HDMI (USB Capture HDMI)

Document Camera: Set Secondary Source to USB Capture HDMI, choose Doc Cam from the podium control panel

Laptop Capture: Set Secondary Source to USB Capture HDMI, choose Laptop from the podium control panel

The screenshot displays the Panopto software interface. At the top, there are navigation buttons: 'Create New Recording', 'Manage Recordings', and 'Settings'. The user is logged in as 'unified\SGH0040' and can 'Sign out'. The 'Session Settings' section shows the folder 'Students Presentation Orphaned' and the name 'Thursday, August 6, 2020 at 11:59:00 AM'. There is a 'Record' button and a 'Webcast' checkbox. The 'Primary Sources' section includes a video preview and settings for Video (USB Capture HDMI), Audio (HDMI (USB Capture HDMI)), and Quality (Standard). The 'Capture Computer Audio' checkbox is checked. The 'Secondary Sources' section has checkboxes for 'Capture PowerPoint', 'Capture Main Screen', and 'USB Capture HDMI', all of which are checked. The 'Add Another Video Source' button is at the bottom left. The main recording area shows a preview of the desktop with three sources: PowerPoint, Main Screen, and USB Capture HDMI. The 'Secondary Source' label is placed above the USB Capture HDMI source. At the bottom, the resolution is set to 1920 x 1080 and the FPS is set to 24.
