Huntsville
April 25, 2025

PART 1 of 3 – Basics of Signs and Signing

In this session, attendees will learn how to read and interpret the MUTCD, the basic requirements of signs and how to meet them, and how the MUTCD achieves uniformity and why it's important. We will also review how to determine a sign location and how to meet the retro-reflectivity requirements.

PART 2 of 3 – Warrants and Use of Signs

In session two, attendees will learn reasons and warrants for sign installation, signs found in the MUTCD and their use, and how to select curve warning signage. We will also consider how to enhance the conspicuity of signs and review guidelines for object markers and delineators.

PART 3 of 3 – Pavement Markings

In session three, attendees will learn the guidelines for longitudinal markings (striping) and transverse markings (words, symbols, stop lines, crosswalks, etc.). We will also review the basics of temporary traffic control and how to protect yourself from potential liability.

This six-hour workshop has a **maximum of 40 participants** in each workshop. The cost of the workshop is \$175.00. Please register at www.eng.auburn.edu/atap. The registration fee includes handout materials, break refreshments, lunch and a certificate of participation. Participants completing this workshop will receive 0.60 Continuing Education Units (CEUs), 6.0 Professional Development Hours (PDHs). Certificates of participation will be issued the day of the event. Thank you for your continued support of the Alabama Transportation Assistance Program.

Cancellation Policy

We understand that circumstances may arise that could require you to cancel your registration, and we make every effort to accommodate your needs. Due to commitments to our instructors and facilities, the registration fee is not refundable if a registrant withdraws less than five working days before the workshop. You may substitute registrants; please notify us in advance if possible. Non-paid, no-show registrants will be invoiced for the full cost of the workshop. ATAP reserves the right to cancel or modify any program offering but will provide registrants the option of a full refund. Auburn University will not be responsible for expenses incurred by a registrant as the result of a cancelled or rescheduled workshop.

Workshop Instructor

Scott Tison

Scott Tison, Associate Director of Technical and Training Assistance for the Alabama Transportation Assistance Program (ATAP) is one of the nation's foremost subject matter experts in construction safety (work zones), roadside appurtenances, and transportation materials. Mr. Tison has worked with various LTAP Centers across multiple states. Mr. Tison is a member of several Transportation Research Board Committees, including Traffic Control Devices (ACP 55), Tison is also a member of the National Committee on Uniform Traffic Control Devices (MUTCD) and has assisted the American Association of State Highway and Transportation Officials (AASHTO) with developing their T3 Curriculum.

Tyler Mitchell, P.E.

Tyler Mitchell is an Associate Director, Training and Technical Assistance for the Alabama Transportation Assistance Program (ATAP). He is a licensed engineer with experience in the design, construction, and maintenance of transportation projects and infrastructure. Mr. Mitchell has worked as a consulting engineer for a range of civil projects and served 8 years in county government as a highway department engineer. He holds both a Bachelor and Master of Civil Engineering from Auburn University.
