

Alabama Transportation Assistance Program
presents a workshop

Roadway Drainage Maintenance

Instructed by Scott Tison

Mobile

November 5, 2025

This six-hour workshop emphasizes the importance of understanding and managing surface and ground water drainage as it relates to transportation infrastructure. The discussion will address the effects of water on roadway systems, problems caused by improper drainage, and practical approaches to managing these problems. A basic overview of various types of drainage facilities—ranging from ditches, culverts, storm sewers and underdrains—is provided. This course is applicable to local agency employees and others who are responsible for managing and maintaining roadway systems.

Principles Include:

- Draining the Roadway
- Drainage Components
- Drainage as a System
- Worker Safety
- Policies and Procedures
- Wetlands Issues & Erosion Control
- Types of Ditches
- Ditch Construction
- Ditch Maintenance
- Pipe Materials
- Pipe Installation
- Pipe Maintenance
- Inspection
- Other Drainage Features

This six-hour workshop has a **maximum of 25 participants** in each workshop. The cost of the workshop is \$175.00. Please register at <https://aub.ie/atapworkshop>. The registration fee includes handout materials, break refreshments, lunch and a certificate of participation. Participants completing this workshop will receive 0.60 Continuing Education Units (CEUs), 6.0 Professional Development Hours (PDHs). Certificates of participation will be issued the day of the event. Thank you for your continued support of the Alabama Transportation Assistance Program.

Workshop Instructor

Scott Tison

Scott Tison, Associate Director of Technical and Training Assistance for the Alabama Transportation Assistance Program (ATAP) is one of the nation's foremost subject matter experts in construction safety (work zones), roadside appurtenances, and transportation materials. Mr. Tison has worked with various LTAP Centers across multiple states. Mr. Tison is a member of several Transportation Research Board Committees, including Traffic Control Devices (ACP 55), Tison is also a member of the National Committee on Uniform Traffic Control Devices (MUTCD) and has assisted the American Association of State Highway and Transportation Officials (AASHTO) with developing their T3 Curriculum.

Cancellation Policy

We understand that circumstances may arise that could require you to cancel your registration, and we make every effort to accommodate your needs. Due to commitments to our instructors and facilities, the registration fee is not refundable if a registrant withdraws less than five working days before the workshop. You may substitute registrants; please notify us in advance if possible. Non-paid, no-show registrants will be invoiced for the full cost of the workshop. ATAP reserves the right to cancel or modify any program offer but will provide registrants the option of a full refund. Auburn University will not be responsible for expenses incurred by a registrant as the result of a cancelled or rescheduled workshop.
