

Alabama Transportation Assistance Program
presents a webinar

Leadership Skills and Tools

Instructed by Steven V. Jenkins

March 20, 2024
9:00 AM – 12:00 Noon CST

This “Leadership Skills and Tools” webinar covers common leadership skills and practices in the workplace. It covers tools to be a leader among six generations of employees and the strengths and weaknesses of each generation. This webinar addresses ways to improve communication and interpersonal relationships in the workplace. Leadership skills to be discussed will include: Formal vs. Moral Authority, natural laws, and mission statement and unity.

This workshop should be of interest to management and natural leaders in the workplace.

Please register at www.eng.auburn.edu/atap. The cost of the workshop is \$50.00. Registrants are reminded that registration is not complete until payment is made. The registration fee includes handout materials, break refreshments, lunch, and a certificate of participation. Participants completing this workshop will receive .30 Continuing Education Units (CEUs), 3.0 Professional Development Hours (PDHs). Thank you for your continued support of the Alabama Transportation Assistance Program.

Steve Jenkins

Workshop Instructor

Mr. Jenkins has been practicing engineering in Montana for over 30 years. He has a PE license and holds a Masters in Geotechnical Engineering. His experience working with State, Tribal and Local Governments has him involved with project funding, design, and construction of all types of Highway projects. Steve has directed three LTAP/TTAP centers and has extensive experience in training local governments, civil engineering design and performing construction safely. Steve’s experience with materials uniquely prepares him to write specifications and perform design. He observes defects of roadways, bridges and all aspects of transportation systems and seeks simple solutions for improvement. Steve has established long-term relationships with City and County professionals.
