Gulf Shores, AL 36542

Disclaimer: Exposure to COVID-19 is an inherent risk in any public location where people are present. People who show no symptoms can spread the Coronavirus disease if they are infected, and any interaction with the general public poses an elevated risk of being exposed. By attending this conference, you acknowledge and agree that you assume these inherent risks associated with attending. We cannot guarantee you will not be exposed during the conference.
The 2022 Alabama Road Safety Conference is for city engineers, county engineers, public works officials, transportation planners, DOT personnel, and others who are responsible for the design, maintenance, and safety of public roadways. The goal of the conference is to strengthen your knowledge of the available tools, countermeasures, and processes to improve the safety of all roadways. The conference will highlight methods to identify roadway safety issues and appropriate countermeasures. Real world examples and activities will be presented, which will prepare participants to apply the concepts learned to design, operations, and maintenance.

The Conference agenda was developed to emphasize the implementation of the safety process through all stages of roadway planning, design, and operations through practical guidance specifically geared to improving road safety.

Topics Include:
• Complete Streets
• Speed Management
• Transportation Planning
• Rail Safety
• Safety Roundtable
• Safety Projects
• Safety Technology
• Crash Investigation

Participants will learn how to identify safety issues and how to develop and apply low cost solutions using proven countermeasures. Peer networking during the conference will provide opportunities for discussion of various safety challenges and potential solutions.

Registration and check-in will be held from 10:00am to 1:00pm in the Atrium of the Gulf State Park Conference Center on Tuesday, October 18, 2022.

Registration fees are:
$475.00 - Early Bird Registration, through August 31, 2022
$550.00 - Beginning September 1, 2022

The registration fee includes all sessions, program materials, refreshments during breaks, two receptions, two breakfasts, one lunch, and one dinner.

Participants are responsible for making their own lodging arrangements. The conference group rate is $189 plus tax for park view; $219 plus tax for gulf view rooms. The last day to book your reservation at that rate is Monday, September 19, 2022. Attendees may also reserve rooms at the conference rate for two days pre/post group dates, based on availability. To take advantage of this special rate, first register using the group link, then email Jan Comstock at jcomstock@lodgegsp.com to add additional nights.

To make your reservation, please visit: www.aub.ie/arsc2022-lodging

Participants in this conference will be able to attend up to twelve (12) hours of technical programs. Auburn University makes every effort to ensure that its technical programs conform to the requirements of the State of Alabama Board of Licensure for Professional Engineers and Land Surveyors for the award of Professional Development Hours to support the annual renewal of professional licensure.

Due to commitments to our speakers and facilities, the registration fee is non-refundable if a registrant withdraws less than five (5) business days before the program starts. Substitutions may be made at any time. No shows will be liable for the entire conference fee.

Auburn University reserves the right to cancel any program due to insufficient registrations. This decision is usually made no later than five (5) business days prior to the event. If a program is cancelled for any reason, all fees will be refunded. Auburn University will not be responsible for travel expenses incurred by a registrant as the result of a cancelled program.

It is the policy of Auburn University to provide accessibility to its programs and reasonable accommodations for persons defined as having disabilities under the Americans with Disabilities Act of 1990. Please contact us at least two weeks prior to the program so that proper consideration can be given to any special needs.
