Alabama Road Safety Conference
October 26-28, 2021
Florence, AL

Disclaimer: Exposure to COVID-19 is an inherent risk in any public location where people are present. People who show no symptoms can spread the Coronavirus disease if they are infected, and any interaction with the general public poses an elevated risk of being exposed. By attending this conference, you acknowledge and agree that you assume these inherent risks associated with attending. We cannot guarantee you will not be exposed during the conference.
The 2021 Alabama Road Safety Conference is for city engineers, county engineers, public works officials, transportation planners, DOT personnel, and others who are responsible for the design, maintenance, and safety of public roadways. The goal of the conference is to strengthen your knowledge of the available tools, countermeasures, and processes to improve the safety of all roadways. The conference will highlight methods to identify roadway safety issues and appropriate countermeasures. Real world examples and activities will be presented, which will prepare participants to apply the concepts learned to design, operations and maintenance.

The Conference agenda was developed to emphasize the implementation of the safety process through all stages of roadway planning, design and operations through practical guidance specifically geared to improving road safety.

Topics Include:
- Work Zone Safety
- Safety Project Updates
- Safety in the Permitting Process
- Safety in Transportation Planning
- Traffic Signals
- Safety Roundtable
- Safety Technology
- Vulnerable Road Users
- Incident Management

Participants will learn how to identify safety issues and how to develop and apply low cost solutions using proven countermeasures. Peer networking during the conference will provide opportunities for discussion of various safety challenges and potential solutions.

ABOUT THE CONFERENCE

REGISTRATION AND FEE

Registration and check-in will be held from 10:00am to 1:00pm in the Atrium of the Marriott Shoals Conference Center on Tuesday, October 26, 2021.

Registration fees are:
- $375.00 - Early Bird Registration, through August 31, 2021
- $450.00 - Beginning September 1, 2021

The registration fee includes all sessions, program materials, refreshments during breaks, reception, two breakfasts, one lunch and two dinners.

Participants are responsible for making their own lodging arrangements. The conference group rate is $119 plus tax. Last day to book your reservation at that rate is Friday, September 24, 2021. To make your reservation, please visit: https://aub.ie/hotel-arsc2021

PROFESSIONAL DEVELOPMENT

Participants in this conference will be able to attend up to twelve (12) hours of technical programs. Auburn University makes every effort to ensure that its technical programs conform to the requirements of the State of Alabama Board of Licensure for Professional Engineers and Land Surveyors for the award of Professional Development Hours to support the annual renewal of professional licensure.

CANCELLATION POLICY

Due to commitments to our speakers and facilities, the registration fee is non-refundable if a registrant withdraws less than five (5) business days before the program starts. Substitutions may be made at any time. No shows will be liable for the entire conference fee.

Auburn University reserves the right to cancel any program due to insufficient registrations. This decision is usually made no later than five (5) business days prior to the event. If a program is cancelled for any reason, all fees will be refunded. Auburn University will not be responsible for travel expenses incurred by a registrant as the result of a cancelled program.

PARTICIPANTS WITH DISABILITIES

It is the policy of Auburn University to provide accessibility to its programs and reasonable accommodations for persons defined as having disabilities under the Americans with Disabilities Act of 1990. Please contact us at least two weeks prior to the program so that proper consideration can be given to any special needs.

PROGRAM COMMITTEE

John-Michael Walker  
State Traffic and Safety Operations Engineer  
Design Bureau, ALDOT

Stuart Manson  
Traffic and Safety Operations  
Design Bureau, ALDOT

Linda Guin  
Safety & Technology Engineer, Alabama Division  
Federal Highway Administration

Auburn University  
Alabama Transportation Assistance Program

Rod Turochy  
Veronica Ramirez  
Kim Brumbeloe
