

Alabama Road Safety Conference

October 15-17, 2024

The Lodge at Gulf State Park
21196 East Beach Blvd.
Gulf Shores, AL 36542

ABOUT THE CONFERENCE

The 2024 Alabama Road Safety Conference is for city engineers, county engineers, public works officials, transportation planners, DOT personnel, and others who are responsible for the design, maintenance, and safety of public roadways. The goal of the conference is to strengthen your knowledge of the available tools, countermeasures, and processes to improve the safety of all roadways. The conference will highlight methods to identify roadway safety issues and appropriate countermeasures. Real world examples and activities will be presented, which will prepare participants to apply the concepts learned to design, operations, and maintenance.

The Conference agenda was developed to emphasize the implementation of the safety process through all stages of roadway planning, design and operations through practical guidance specifically geared to improving road safety.

Additional topics include:

- Roadway Departure Prevention
- Vulnerable Road Users
- Intersection Safety
- Transportation Planning
- Vehicle Safety
- EMS in Transportation Safety
- Safety Resources

Participants will learn how to identify safety issues and how to develop and apply low cost solutions using proven countermeasures. Peer networking during the conference will provide opportunities for discussion of various safety challenges and potential solutions.
