Alabama Transportation Assistance Program: On-Demand Courses

The Alabama Transportation Assistance Program offers private "on-demand" courses tailored to serve local agencies across the state. Our in-person courses are designed to provide convenient and customized training solutions, where we bring the training directly to you.

Course Overview:

Our on-demand courses are specifically crafted to enhance the skills and knowledge of employees within local transportation agencies. We understand the importance of equipping your team with the necessary tools and expertise to excel in their roles. Whether you need to refresh your knowledge or stay updated with the latest industry standards, our courses are designed to meet your needs.

Key Features:

- Customized Training: Tailored to address the specific needs and challenges of your agency.

- Convenience: We come to you, saving time and resources by eliminating the need for travel.

- Expert Instruction: Our courses are led by experienced professionals in the transportation field.

- Hands-On Learning: Practical exercises and real-world examples ensure effective learning outcomes.

- Comprehensive Resources: Access to resources aimed at improving skills and knowledge in various aspects of transportation management.

Available Courses (Examples):

- Road Maintenance and Repair

- Flagger Training

- Bridge Inspection and Maintenance

- Pavement Management

- Construction Project Management

- Work Zone Safety

- Temporary Traffic Control
