

68th Annual Alabama Transportation Conference

Sponsor / Exhibitor Prospectus

**BJCC
Birmingham, Alabama
February 11-12, 2025**

We are excited to invite you to exhibit at the **68th Annual Alabama Transportation Conference** at the BJCC in Birmingham, Alabama, February 11-12, 2025.

This prospectus serves as your guide to register as a sponsor or exhibitor as well as outlining the opportunities you will have to reach the conference attendees. The Alabama Transportation Conference is the ideal place to:

- Introduce new products and services
- Generate new sales leads
- Give product demonstrations
- Build customer relationships

About the Alabama Transportation Conference

The Auburn University Transportation Research Institute and the Technical Program Committee have designed the 68th Annual Alabama Transportation Conference program to provide an opportunity for attendees to share innovative advances in transportation planning, design, construction, operations, and maintenance. Technical sessions, luncheons, and breaks will be provided to create a forum for the exchange of ideas between transportation engineering and construction professionals.

Over the last few years, the Alabama Transportation Conference has averaged approximately 950 attendees; we anticipate a similar attendance in 2025. Attendees will include federal and state highway personnel, road and bridge building contractors, county and city engineers, consulting engineers, construction material vendors, researchers, professional society representatives, and university faculty members.
