

TOP 10 REASONS TO CHOOSE  
**AUBURN**  
**ENGINEERING**

eng.auburn.edu

# WAR EAGLE!

Welcome to the  
Auburn Engineering Family!

There is no better place to call home than Auburn University. You should be extremely proud of your accomplishments, and we are very excited you want to become an engineer. Here are the Top 10 reasons you should become an Auburn Engineer.

We look forward to welcoming  
you “home” soon!

# 1 HAPPIEST

If you’re happy and  
you know it, you might  
be an Auburn student.

In 2019, the **Princeton Review** ranked Auburn University enrollees as the happiest in the country based on 140,000 surveys that asked participants to rate everything from dorm life to classroom experience.

# 2 VARIETY

A career in  
engineering can  
take you anywhere.

Take the first step by choosing  
one of our 12 majors:

- **Aerospace**
- **Biosystems**
- **Chemical**
- **Civil and Environmental**
- **Computer**
- **Computer Science**
- **Electrical**
- **Industrial and Systems**
- **Materials**
- **Mechanical**
- **Software**
- **Wireless**

# 3 SCHOLARSHIPS

We invest in you.

The Samuel Ginn College of Engineering awarded more than **\$3.6 million** in scholarships to our engineering students this year. We are committed to supporting the world’s future problem solvers as they work toward achieving their goals.

# 4 SUPPORT

Auburn Engineering  
is 110% committed  
to student success.

The college provides state-of-the-art facilities, unparalleled tutoring services, peer mentoring and academic advising to assist you every step of the way.

## ACADEMIC EXCELLENCE PROGRAM

The Engineering **Academic Excellence Program (AEP)** is designed to help and encourage minority and underrepresented students on their path to graduation through academic and professional development workshops, collaborative study groups and one-on-one peer learning.

## 100+WOMEN STRONG

The college’s pioneering **100+Women Strong** program helps recruit, reward and retain women in engineering through mentorship and more.

# 5 BROWN-KOPEL STUDENT ACHIEVEMENT CENTER

If you want to know why we call Auburn the best student-centered engineering experience in the country, look no further.

Located in the heart of the Engineering campus, this brand-new **\$44 million facility** offers one of the most comprehensive, active-learning environments in the world.

# 6 THE FINAL FRONTIER

**Auburn U. is basically Astronaut U.** In fact, “War Eagle” was almost the first phrase spoken on the moon — true story.

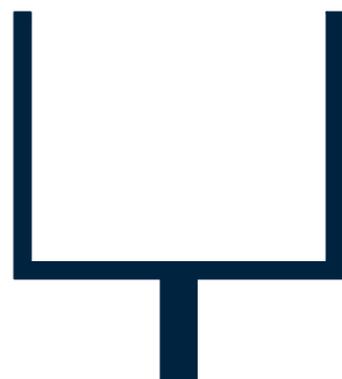

Few schools have put more people in orbit — the guy who saved the day in “Apollo 13?” Yep, an Auburn Man — and when it comes to engineering talent, we’re one of NASA’s most productive pipelines.

# 7 FOOTBALL

Do you like football?  
Good.

Auburn’s engineering campus is a Hail Mary away from historic Jordan-Hare Stadium, home to one of the best programs in the country.

For the past two years, students in the **Auburn University Biomechanical Engineering (AUBE) Lab** have even played a part in the team’s success by 3D printing custom orthotics that have helped injured players quickly return to the field.

# 8 TIM COOK

EVER HEARD OF HIM?

He’s a 1982 Auburn Engineering graduate. In 2011, he took over the world’s first trillion-dollar company.

It’s called Apple.

# 9 LOCATION LOCATION LOCATION

Sunny Auburn, Alabama is consistently cited as one of the best college towns in America. Though offering the amenities of big city living, and located just 90 minutes from Atlanta, the **“Loveliest Village of the Plains”** maintains a small-town charm that keeps alumni returning year after year.

# 10 FAMILY

DON’T TRY TO FIND A CAMPUS WITH A TIGHTER SENSE OF COMMUNITY — YOU’LL JUST BE WASTING YOUR TIME.

Maybe it’s the shared values embodied in the Auburn Creed. Maybe it’s friendship-fostering traditions like “Hey Day.” Whatever it is, you can feel it. We don’t call it the **Auburn Family** for nothing.
