RESEARCH

$62.4 million in research expenditures
49th in nation in research expenditures
(Ranked in top 50 for the past 10 years)

FOCUS AREAS
- Advanced Manufacturing
- Biomedical and Pharmaceutical Engineering
- Cyber Security and Information Technology
- Energy and Environment
- Engineered Materials and Nanotechnology
- Infrastructure and Transportation

SPECIALIZATIONS:
- National leader in technological solutions for autonomy in commercial trucking sector
- Nationally recognized cyber research center with an emphasis on improving the industrial Internet of Things
- Designated as a Center of Excellence by the Department of Homeland Security and the National Security Agency
- Leader in low Earth orbit small satellite systems for national defense and science applications
- Features the Manufacturing Innovation Institute for Flexible Hybrid Electronics
- MRI Research Center houses 3T clinical and 7T research scanners
- Only ABET accredited wireless engineering program in the U.S.
- National Center for Asphalt Technology – a world-renowned leader in hot mix asphalt research, technology and education

AUBURN ENGINEERING ONLINE

GRADUATE ONLINE PROGRAM
Ranked 15th by U.S. News & World Report’s Best Online Engineering Graduate Programs
101 online courses offered
2017 registration: Spring 102
Summer 70
Fall 135

CONTINUING EDUCATION PROGRAMS
- 127 live seminars and conferences serving nearly 4,400 clients
- 150 distance continuing education courses delivered by streaming video serving students in 50 states and international locations

GRADUATE ONLINE PROGRAM
DEGREE OFFERINGS
- Aerospace Engineering
- Chemical Engineering
- Civil Engineering
- Computer Science and Software Engineering
- Cyber Security Engineering (pending ACHE approval)
- Electrical and Computer Engineering
- Engineering Management
- Industrial and Systems Engineering
- Dual MBA/Industrial and Systems Engineering
- Materials Engineering
- Mechanical Engineering
- Masters of Engineering (pending ACHE approval)

OUTREACH
- E-Day – open house introduces thousands of middle and high school students to Auburn Engineering
- Engineering Summer Camp – residential summer program for 11th-12th graders gives students hands-on experience
- Women in Engineering Camp – summer camp for 8th-10th graders recruits females to engineering
- Summer Experience: Digital Forensics – three-week summer camp to introduce 11th graders to cyber security for college credit
- TEAMS – The Tests of Engineering Aptitude, Mathematics and Science is an annual one-day competition for middle and high school students designed to help them discover their passion for engineering
- BEST – the nation’s third largest K-12 robotics program, serving 12,500 students from 850 schools in 15 states
- PEAK – The Promoting Engineering at Auburn for Kids program is an after-school camp available to 3rd through 5th graders and helps students see themselves as engineers through hands-on activities
- MADE – The Making A Difference in Engineering event is designed to expose high school junior and senior females to Auburn Engineering and offers students the opportunity to visit faculty and staff, take tours of our facilities and meet successful women alumni
